

POL 330 Worksheet 1  
 Dr. Chad Raymond

Identify skills important for moving the project forward – effective listening, considering alternative strategies, leadership, etc. Based on what your team has accomplished so far, rate each of your team members, **including yourself**, for each skill you have identified. Then rate your team as a whole on the reverse side. Think about how the team’s skills can be improved.

Skill 1:				
Name	Strength	Getting There	Not Yet	Comments/Examples

Skill 2:				
Name	Strength	Getting There	Not Yet	Comments/Examples

Skill 3:				
Name	Strength	Getting There	Not Yet	Comments/Examples
