

Most Similar Systems Design

Fill in the template as appropriate. Cite sources as done with reading responses, but include a list of sources with complete bibliographic citations after the template. Use of readings in the course syllabus is required. If you identify more than four independent variables that you think are important, add extra rows to the template.

Subject of Comparison (for example, "Wealth")			
	Nation-state 1		Nation-state 2
Independent Variable 1	A	=	A
Independent Variable 2	F	=	F
Independent Variable 3	J	=	J
Independent Variable 4	Q	≠	R
Dependent Variable	Effect X	≠	Effect Y
